It was obvious from the start for my partner Vince and I to choose
The Stollery Children's Hospital as our charity of choice.

Having spent time in Children's hospitals myself growing up,
I know how important this place is and our kids deserve the
very best health care there is, but that's not all.

Those places can be very scary for kids, and the
Music Therapy Program helps kids cope with those fears,
making their stay a lot easier.

Nothing is better then to see a smile on a sick child's face,
and those moments also help the parents cope a bit easier too.

The Ardent family, and I, would like to thank all of those
that help support this golf tournament.
Without you, this event would not be possible.

See you out there!
